To Whom It May Concern:

Boris Cherniak, best known as "The Incredible Boris" hypnotist, is a very professional and extremely talented individual. He did a remarkable job entertaining our large and diverse group of employees and brought them into hilarious audience participation. Boris's fun and engaging show made our annual Awards Banquet the best ever.

I highly recommend Boris for any upcoming company function you may have that needs an extra kick. Our employees have been talking about his show ever since our event and those associates who were unable to attend the banquet certainly regret that. In fact, as we look ahead to planning our event next year, the big dilemma will be "how will we ever top that?" As I write this, the memory of his show still brings a smile to my face!

Sincerely,

A handwritten signature in blue ink that reads "Renee Lovejoy". The signature is fluid and cursive, with the first name "Renee" being more prominent.
