*To educate  
and entertain*

The Tanana Valley State Fair was proud to feature Incredible Boris at our 2013 fair. His all ages shows and his beer tent shows both drew a large crowd. He worked into his show local flavor and was flexible with last minute changes and unexpected distractions.

Boris casts a magical spell on an audience and his volunteers. Having his volunteers sing, tell outrageous lies, or be familiar celebrities makes for a compelling performance. Unlike some other hypnotists, he didn't have his volunteers perform demeaning or inappropriate actions. He was always personable, approachable and friendly to staff and audience members.

He can be family friendly and broad with physical comedy, or use more adult themes and be more intellectual and emotional: Boris is hilarious either way. I would certainly recommend Boris for his unique blend of humor and positive attitude. His show has a universal appeal.

Sincerely,
