October 8, 2004

The Incredible Boris performed for us at the University on September 5th, 2004 during our first year Student Orientation.

Boris was very professional in my dealings with him and displayed undying enthusiasm for his work! This was also very apparent during his performance for the students. Boris catered all his material to our requests prior to the event and put on a flawless show to suit our audience. He also stayed well after the show to speak with interested and curious audience members, answering all of their many questions!

The show itself was highly entertaining, full of amazement and howling laughter! The audience was an interactive part of the show with Boris himself running into the audience and bringing the show with him. We received tons of very positive feedback from our students who indicated it was a highlight of their first week at UVic.

I found Boris very easy to work with and I would recommend his services for any school or function.
